Dr. J. Satterly,

Department of Physics.

Dear Dr. Satterly:

As I let you know by telephone the Board of Governors have kept Sam Richardson on the pay list for one more year at a reduced salary. The only place in which they can find anything for him to do is in the Physical Laboratory, and Professor McLennan before he left told me that he could employ him there.

I have advised Richardson to look for ~~better~~ employment elsewhere. If he at any time should find better employment and leave you, will you be kind enough to notify the Bursar?

Yours sincerely,

President.

Toronto, August 13th, 1913.

Dr. John Satterly,
Physics Building.

Dear Dr. Satterly,-

I have just received your letter with regard to the work of three students in the Summer Session in Physics. I will recommend as you desire that credit be given them for their work done with you during July.

Yours sincerely,

President.
